

Making Predictions

1. Work in pair. From the “Top 10 Predictions for Future” delivered by Danny Burke, choose the three predictions that likely to happen soon and give your reasons.

1. _____
2. _____
3. _____

2. Imagine your typical day in 2025. What will it be like? Brainstorm some ideas and use these categories below or your own ideas. Then write a short paragraph about your typical day in 2025. Don't forget to use “will” according to your intentions.
